

Following the announcement of the Welsh Procurement Alliance (WPA) framework results for Asset and Legionella Compliance Management, we are extremely proud to say J & D Water Consultants Ltd have been ranked the top company in Wales for all Regions. Our 1<sup>st</sup> place position will run for a period of four-years.

As the top ranked company, organisations are able to directly appoint us, without the need to go through the tender process.

The WPA is a non-profit organisation, at the end of each financial year, all profits are redistributed to their members and your organisation will receive a share of the community benefits fund.

J&D Water Consultants Ltd are a locally owned company, who specialise in Water Treatment and Water Hygiene compliance services. Established in 2007, we have quickly grown into a market leader within our field.

We are the only 100% Welsh owned company on the framework which ties in with both the Welsh Government's Fair Work Wales (2019) Report and the Well-being of Future Generations (Wales) Act 2015.

Our main objectives are to provide quality, affordable services, employing local staff, contributing to the local economy and supply chains. We have invested in a complete Water Hygiene Software package that allows our clients full visibility to all completed work, reports and compliance certificates in real time.

We are members of the Legionella Control Association, all services are delivered in line with current legislation and guidelines.

We successfully deliver a whole range of Legionella services including;

#### Water Hygiene

system maintenance

#### Testing / Microbiological Sampling

Remedial and associated services

#### Consultancy

Water

The framework has been set up to ensure all WPA clients are able to award work to the top ranked company knowing all processes and procedures are in place. This also ensures the standard of work offered is consistent and of the highest quality.

With nearly 20 years experience, we currently deliver a full range of Legionella Compliance and remedial work for numerous organisations throughout the country such as, but not limited to;

- [Health Boards](#)
- [Local Authorities](#)
- [Blue Light Emergency Services](#)
- [Higher and Further Education](#)
- [Care Homes](#)
- [Community Housing](#)
- [Manufacturing](#)
- [Horse Racing Stables](#)
- [Hotel & Spa Resorts](#)
- [Golf Courses](#)

We are able to provide you with excellent references from our current clients list.
